Her artwork has been displayed in several galleries including the Holland Street Gallery in Bellville, the Southwest Gallery, the Midlane Gallery, Art Etc., and Magnolia in Houston.

Nancy says, "About 14 years ago, I became inspired by San Antonio artist Vie Dunn-Harr. I have taken quite a few workshops from Vie and have become enthralled by her techniques and now use them in my own artwork. As a result, my artwork has taken a major leap. I like to show other artists how exciting her methods are and how they will revitalize their own artwork with a sense of freshness and spontaneity."

Educated as a scientist, Nancy has a B. A. in Geology from the University of Maine and makes her living as a full time programmer at a navigation consulting company.
